The mobile satellite company™

# IsatPhone

## Mobile satellite phone

➔ IsatPhone is Inmarsat's new mobile satellite phone service, providing a simple, highly affordable way of staying in touch.

Robust, compact and competitively priced, IsatPhone is ideal for business travellers and personal users who travel or work in areas where local networks are unreliable or non-existent.

- Lightweight, pocket-size handset
- Rugged design
- Competitively priced
- Dual mode satellite/  
GSM 900 mobile phone
- Easy to use, icon-driven menu
- For use in Asia, Africa  
and the Middle East
- Full range of accessories

## Coverage

 Current service coverage  I-4 satellite F1

The map depicts Inmarsat's expectations of coverage, but does not represent a guarantee of service. The availability of service fluctuates depending on various conditions.

IsatPhone can be used within Asia, Africa and the Middle East using Inmarsat's latest generation I-4 satellite over the Indian Ocean Region.
